My comments. Note that I missed the NCP one on the Spec Bull as well.

**Subject:** My suggested message to Resident today

Den,  
I took a shot at what I believe we need to tell the residents to clarify our current status regarding the provision of water. Let's talk this morning at your earliest chance. I believe this should be written, so that there are no mistakes and ad libs which are incorrect. I only copied the OSCs involved and Jerry. I didn't know if you wanted to include Helen and her staff in this discussion.
